Completion of 36 credits is required for graduation. 21 of the 36 credits are required courses(including 6 credits for the thesis).                  2. 15 of the 36 credits are elective courses. At least 12 of those 15 credits have to choose from the pool of elective courses prescribed by this Department. Students can also take courses from other departments of the college to satisfy the graduation credit requirement.                  3. Foreign students are permitted to take a course from the college's other departments when the same course is not offered in English by this Department. Similar courses with different titles offered by other departments have to be reviewed and approved by Department Affairs Meeting before they are granted as "in Lieu of".                  4. If students have completed 4 elective courses in each group (4 out of 7 elective courses), then the department will issue the group certificate.                  5. Financial Management and Technology Finance Group [Financial Statement Analysis], can be replaced by the School of Business [Business Analysis and Valuation] course. It is included in the course of 12 credits in this Department.</p>
